

The impacts of addiction account for

**\$ 193 billion**

or **\$6,120** per second in associated costs to the U.S. society.

Three public systems absorb the majority of addiction's impact

Milwaukee County spends

**\$38 million** each year to place children in foster care

**\$4,500** average cost, per child

average number of children that are reunified with their moms annually at Meta House

**36** = Savings of **\$162,000** annually.

The US Department of Justice estimates the impacts of addiction cost the U.S.

**\$11.4 billion** in direct and indirect costs for drug-related medical interventions, including emergency services.

Over the last four years,

**89%** of babies were born free of alcohol and illegal drugs to moms that arrived to Meta House at least one month prior to giving birth.

**\$38,000** annual cost per inmate in Milwaukee County

**80%** estimated number of incarcerated women who were arrested for drug-related offenses.

**95%** of our outpatient clients that stayed in treatment for at least 90 days had no new criminal justice involvement

Every \$1 invested in treatment saves more than \$7 in costs later on.

Meta House cost savings to the community in 2013:

**\$28 million**
