

## Meta House Annual PREA Report – 2018

### Overview

Meta House has a contract with the Department of Corrections to fund residential treatment for 10 women in Meta House’s main campus residential facility. Because of this contract, Meta House is subject to the Prison Rape Elimination Act (PREA), which is designed to prevent and address sexual harassment and sexual abuse in correctional institutions. As such, we are required to report annually on PREA investigations and reports.

[Agency Progress in Addressing Sexual Abuse](#)

Meta House has not had any reports of sexual harassment or abuse relating to DOC clients. During 2018, we scheduled our first PREA audit, during which the auditor identified several areas in which Meta House could improve training, materials, policies and procedures, and data reporting. Meta House staff have been implementing these changes. The auditor will return in 2019 to evaluate the changes made.
