CELEBRATING WOMEN OF STRENGTH & Helping Empower Women Like Kamisha
In 2018, Meta House celebrated women of strength: women who face many obstacles, some so large they feel insurmountable, but who persist in putting their recovery first every day. Last year, in spite of numerous barriers and unimaginable challenges, 541 women walked through our doors and made a commitment to a healthier life. While addiction continues to devastate the lives of many in our community, we are continually inspired by our clients who persevere in the face of adversity. They give us hope and remind us that recovery is possible.

Recognizing the limited availability of residential treatment beds for women struggling with substance use disorder throughout the state, in fall 2018 Meta House embarked on an exciting plan to increase services for low-income women. A slight change in programming has allowed us to re-open Shorewood House, effectively expanding capacity by eight beds without significantly increasing costs to the agency. We simultaneously launched a comprehensive outreach plan focused on connecting with other counties throughout the state in need of treatment options for women struggling with addiction. With the increased capacity, not only are we able to serve more women here in Milwaukee, we are now connected with neighboring communities throughout the state that need the services Meta House is able to provide.

With more clients coming through our programs, we also spent the last year reexamining some of the limitations in our physical spaces. After extensive research and planning, we are now in the beginning stages of exciting renovations! New flooring in our outpatient clinic as well as new windows, an updated roof, and a remodeled kitchen in one of our residential houses are just some of the exciting changes freshening up our spaces. Meta House is committed to providing effective addiction treatment while also being a place of dignity, strength, and wellness. The renovations are a critical step in providing our clients a comfortable place to heal.

In closing, we thank you for your continued support of Meta House’s mission. The statistics and anecdotes that you’ll read in this report illustrate that Meta House’s comprehensive and holistic approach to treatment works. Thanks to our generous donors, Meta House is able to provide critical services to help make recovery possible for the women we serve.

With gratitude, Valerie P. Vidal & Molly Schweiger

---

**A personal note from Valerie P. Vidal, President & CEO**

My first year as President & CEO of Meta House has been one of the most challenging and rewarding years of my life. The position is demanding and the days are often long, yet I am constantly reenergized by our clients who serve as a humbling reminder of what hard work truly looks like. It is a privilege to work alongside Meta House’s amazing staff, all of whom are unsung heroes tirelessly advocating on behalf of our clients and their families. The amazing outcomes our clients achieve are a testament to their hard work and dedication. Meta House’s life-saving services wouldn’t be possible without the support of our donors. I am so grateful to our supporters and I look forward to another year of exciting changes at Meta House!

---

**A personal note from Molly Schweiger, 2018 Board Chair**

As President of the Board of Directors this past year, I had the opportunity to see the transformational work being done at Meta House firsthand. Between the inspiring women working tirelessly to build a brighter future for their families and the staff who continuously went above and beyond to meet the needs of their clients, Meta House is full of strong women helping strong women. It was a privilege and a joy to work with the Board of Directors, donors, volunteers and staff to help continue to move the Meta House mission forward and I look forward to another incredible year ahead.
“Our Home Foundation, Inc” was founded in Milwaukee, Wisconsin in 1963 to create a place where women who were addicted to alcohol could be treated instead of being sent to jail. A home was established at 2843 W. State St. with room to help up to seven women at a time recover from alcoholism. The house originally belonged to Mrs. Meta Orth and quickly became known among its residents as “Meta’s House.” The organization officially adopted the “Meta House” name in 2000. Since its establishment in the early sixties, Meta House has celebrated many remarkable accomplishments. Significant milestones include:

1988 Meta House purchases the former St. Casimir convent, adding 30 beds to the program – establishing one of the first residential treatment facilities nationwide for women and children.

1997 Meta House acquires the rectory next door to the convent and once again expands capacity – now licensed to serve 35 women and 15 children – in its residential treatment program.

1998 Meta House creates an outpatient treatment program.

1999 The transitional housing program is established to provide women in recovery a safe and affordable place to live.

2004 Meta House expands pregnant and postpartum services so women can receive the addiction treatment, prenatal care and support services they need to have a healthy baby and receive vital support for their family.

2012 Meta House becomes the first non-hospital addiction treatment facility in Milwaukee to have a smoke-free campus. Executive Director Dr. Francine Feinberg retires after 29 years at Meta House.

2018 Valerie P. Vidal joins the Meta House team as the new President & CEO. Meta House expands Residential Program by adding eight beds to assist in shortening wait times to receive inpatient treatment.

“We want to thank all Meta House donors and supporters. Your compassion, interest, generosity and enthusiasm keeps us moving forward. We would like to acknowledge the following for their contributions in 2018.

Children & Family

Program Highlight:
Child & Family

Healing families is a core part of our mission at Meta House and that wouldn’t be possible without the Child and Family team. Made up of parenting specialists, family facilitators, a father involvement specialist, teachers, therapists and the director of Child and Family services, this team implements programs that help strengthen the relationships between parents/caregivers and their children.

To repair family relationships and build a positive mother-child bond, Meta House offers innovative and evidence-based therapies including 1) the Nurturing Program curriculum and group, 2) “Mom and Me” Nurturing Lab and Coaching, 3) Celebrating Families! and 4) Filial Therapy. In these individual and group sessions, mothers learn about child development, receive coaching from a Parenting Specialist and apply and practice the skills that they learn.

Additionally, the Child and Family team offers a variety of non-clinical services including case management, family activities and outings, coordination of child visitation, on-site daycare and so much more. In recent years, the Child and Family team expanded their programs to include fathers and other supportive adults into programming. Our Father Involvement Specialist is integral in helping fathers connect and support both clients and their children. They can get involved in the Nurturing Fathers Program, Celebrating Families! and the “Mom, Dad and Me” weekly group session.

We know that when children grow up in safe, addiction-free homes, they are more likely to reach age-appropriate developmental milestones and break the generational cycle of addiction. Our Child and Family team plays a critical role in helping families reach that goal.

Meta House saved my life. I will never cease to be grateful for what I have learned here. I am not the same person I was before. Life is a beautiful thing.”

- Cynthia

2018 Outcomes & Results

- 541 women served
- 123 women were pregnant or postpartum
- 230 children served
- 10 babies were born to women in Meta House in 2018

Average length of stay:

- 74 days in residential* (Wisconsin average (2016): 59days)
- 96 days in outpatient* (Wisconsin average (2016): 136days)

*The longer a woman stays actively engaged in treatment, the more likely she is to stay in long-term recovery.

“Meta House saved my life. I will never cease to be grateful for what I have learned here. I am not the same person I was before. Life is a beautiful thing.”

Volunteer Spotlight:

PNC’s Grow Up Great Volunteer Teams

When it comes to volunteering, there is nothing PNC’s Grow Up Great Volunteer Teams can’t do. From painting apartments, to decorating Daniel the Tiger masks, to serving dinner and everything in between, PNC has been going above and beyond for Meta House since 2010.

As a company who values and supports volunteerism among their employees, PNC offers the opportunity for employees to form Grow Up Great volunteer teams to give back to their community. As an added bonus, if the team reaches its goal of 100 hours of volunteer work, PNC awards the agency a grant of $3,000. Not only have PNC employees been making a lasting difference on our Meta House community with their time and talents, they also are directly impacting clients through the company’s generous monetary donation.

In 2018, two teams of 10 volunteers completed a total of 200 hours of volunteer work. They gathered school supplies in our annual backpack drive and helped make the holidays a little brighter by donating Christmas gifts and serving Christmas lunch. They folded over a 1,000 newsletters, helped with weeding and landscaping to beautify our Recovery Community and cleaned out and organized our overflowing attic storage. With each opportunity, no matter how small, unique or laboring it was, we knew we could always count on PNC.

Lindsey Saylor who helps coordinate the PNC volunteers for available opportunities remarked on the experience saying, “Everyone on our team loved learning more about what Meta House does and how you help all the clients in your program. We thoroughly enjoyed being able to give back to an organization that is making such positive changes for so many people.”

We are so thankful for people like the PNC volunteers who help support our mission and families in so many different ways!
Client Story: Meet Nancy

This is Nancy. In March, she celebrated 34 years sober. She has a good job, lives in a beautiful house on the lake and travels often for work. You’d never know that 34 years ago, alcoholism almost claimed her life.

Nancy was 26 years old when her family stepped in and confronted her about her excessive drinking. They convinced her to check in to a local treatment facility where she was quickly transferred to a hospital because of health concerns. It was there that she learned she was in end-stage liver failure. Alcohol had taken such a toll on her body and health that she had last rights performed. They were sure she wouldn’t make it. Nancy slipped into a coma where she remained for 2 weeks.

Thanks to her family intervening at the right moment and a team of incredible doctors at St. Joe’s, Nancy eventually took a turn, woke up from her coma and got strong enough to leave the hospital. She was transferred to a residential treatment facility to address her addiction, but she wasn’t ready. Nancy admits that she didn’t know what she wanted at the time, but she knew she didn’t want to be there. It wasn’t until one of her sisters visited on family day and spoke about the devastating time when Nancy was in a coma and they didn’t think she was going to survive that Nancy turned the corner and realized she needed to take her treatment seriously. She was ready to do the work; she was ready to live.

After 6 weeks, it was time for Nancy to move on from her first residential program. Meta House was presented as part of her discharge recommendation in order to build on the foundation for long term sobriety. While she was not very excited about the idea, Nancy decided to keep trusting in the people who were trying to help her. She called to get on the waiting list at Meta House and after a week, a bed was open. At Meta House she got her first job in retail, she met friends who would eventually become her roommates in her new apartment, she addressed her co-occurring mental illness and she set the foundation for her now decades of recovery.

After graduating from Meta House, Nancy went back to school at MATC in the radiological science department. She graduated top of her class and was admitted to a competitive radiation therapy program. She excelled in her program and has since worked in the radiology field in a number of different capacities. She has what she calls a “successful sobriety” that she has embraced as a gift. It hasn’t always been easy, but Nancy remains connected to the program and loves the life she leads now. She says “I never imagined where life would take me sober. If I can do it, anyone can. We’re worth it.”
Your generous donations funded the following critical services in 2018:

**Celebrating Families!**
Educates families and/or support systems about the disease of addiction, healthy relationships and positive communication, drawing loved ones into the recovery process.

**Dialectical Behavioral Therapy (DBT)**
This innovative and evidence-based therapy helps clients change harmful patterns of behavior, helping to develop skills of mindfulness, coping with difficult emotions and interpersonal effectiveness.

**Fatherhood Engagement Program**
The Fatherhood Engagement Specialist works with fathers and father figures involved in the lives of the women served at Meta House to support them and connect them to community resources.

**Health & Wellness Program**
Provides health education, prenatal education, smoking cessation support, nutrition education, yoga, and one-on-one nursing consultation.

**Parenting Program**
Offers parenting education and nurturing classes, individual parent coaching and home visits so that each family can thrive.

**Seeking Safety**
Helps women learn healthy coping skills and grounding techniques. It is an evidence-based program aimed at reducing symptoms of past trauma.

How To Get Involved

Donate

- Make a financial gift or pledge that allows Meta House to continue essential work in the Milwaukee community.
- Donate materials or in-kind gifts needed by our mothers and children to furnish their homes and rebuild their lives.
- Make Meta House part of your estate plans or make a deferred gift (such as bequests, trusts and annuities) to the agency.

Contribute

- Organize a donation drive at your place of worship or office to collect items for Meta House’s wish list. These drives allow us to provide essential items to women and children in all of our programs.
- Have a party or host an activity honoring Meta House and collect in-kind donations or raise money. This is a fun way to get together and make a difference.

Advocate

- Learn about the issues that impact our women’s lives and tell others.
- Connect Meta House to community leaders, foundations or funding sources. Your connections help us to continue to provide our comprehensive services for women.

Reduce Stigma: Language Matters

- Acknowledge addiction for what it is, a brain disease, and not a moral failing or lack of willpower.
- Avoid these commonly used terms that induce stigma: substance abuse, addict, alcoholic and dirty/clean UA (urinalysis).
  Instead use: substance use disorder, a person suffering from addiction or negative/positive UA.

Volunteer

- You can offer your time and talents to our agency and help us keep costs down! Call 414-962-1200 for more information.

Visit

- Join us at a Meta Moments event! These casual, free events highlight the various issues our clients face and the treatment solutions we offer. Check our website, www.metahouse.org for upcoming dates.
- Schedule a tour at Meta House to learn more about the programs and services and to see our mission in action. Call 414-962-1200 to schedule a tour today.

Stay in touch

- Sign up for our e-news and/or newsletter, call: 414-962-1200.
- “Like” Meta House and follow our updates on Facebook.
